

PUBLIC LEDGER

WEEKLY REPUBLICAN—1887.
DAILY PUBLIC LEDGER—1897.

MAYSVILLE, KY., MONDAY, DECEMBER 14, 1903.

ONE COPY—ONE CENT.

EVERY MAN WHO ISN'T.
I've never made a million through
A sudden rise in stocks;
No man has ever died and left
To me a stack of rocks;
I've never yet turned out a book
That made a hit and brought
Me such a fortune as the heirs
To "David Harum" got.
I've never chanced, somehow, to buy
A gold mine for a song;
No play of mine has ever caught
The fancy of the throng;
I've never had a chance to wed
A lady with a wad;
Few roses have been strewn along
The paths that I have trod.
I never have owned Texas land,
And so the oil wells there
Have never made and never can
Make me a millionaire;
But there is one who thinks I'm grand,
Who says if I could get
A show I'd be the greatest man
The world has seen as yet.
Ah, well, she may be wrong; I tell
Her that she is, that I
Am one of those doomed to be
Forgotten when they die;
But she insists that I should dwell
Upon the dazzling heights,
And in my heart of hearts I can't
Help thinking that she's right.

DYNAMITE EXPLOSION

Body of One Unfortunate Man Blown Into Three States

While thawing out dynamite in a railway camp at Kanova Saturday afternoon an explosion occurred, and F. A. Johnson, a contractor of Lynchburg, Va., lost both legs.

John C. Black, a laborer, was blown to pieces, parts being found in West Virginia and Kentucky, and it being impossible to locate that portion of his body which landed in Ohio.

This may sound fishy; but Kanova is at the junction of the boundaries of three states—Kentucky, Ohio and Virginia—hence its name, Kanova.

JOHN R. PROCTER

His Sudden Death at Washington—Native of Mason County

John R. Procter, President of the United States Civil Service Commission and former State Geologist of Kentucky, died Saturday in Washington after a few hours' illness of angina pectoris.

He was born in Mason county, March 16th, 1844, and was therefore in his 60th year.

His early education was received at the school of Rand & Richeson in this city, and subsequently he entered the University of Pennsylvania, leaving that institution in 1864 to join the Confederate Army.

After the War he resided in this city, where he married Miss Julia Dobyns, sister of Mr. C. C. Dobyns.

In 1873 he became connected with the Kentucky Geological Survey, later becoming State Geologist.

When that office was discontinued Professor Procter was appointed Civil Service Commissioner by President Cleveland, and for several years he had been President of the Commission.

He was a close personal friend of President Roosevelt.

Besides his wife, Mr. Procter leaves two sons, one of whom, Morton Procter, is a Lieutenant in the Navy, now stationed at Norfolk. The other, John R. Procter, Jr., is a Lieutenant in the Army, stationed in the Philippines.

One Hundred Dollars a Box is the value that H. A. Tisdale, Summerton, S. C., places on DeWitt's Witch Hazel Salve. He says: "I had the piles for 20 years. I tried many doctors and medicines, but all failed except DeWitt's Witch Hazel Salve. It cured me." It is a combination of the healing properties of Witch Hazel with antiseptics and emollients; relieves and permanently cures hemorrhoids, itching and protruding piles, sore, cuts, bruises, eczema, salt rheum and all skin diseases. Sold by J. Jas. Wood & Son, Druggists.

Buy your Christmas goods early at The Racket, 40 W. Second. L. H. YOUNG & CO.

It has been customary for cigar dealers to break the top of the cigar box entirely off for convenience in exposing the cigars in their show cases. A recent ruling by the revenue department says that this practice is in violation of the law. The stamp, it is held, must remain intact and attached in its entirety except in so far as it is necessary to break it to open the box.

To improve the appetite and strengthen the digestion, try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Sell, of Detroit, Mich., says: "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels." There are people in this community who used just such a medicine. For sale by J. Jas. Wood & Son. Every box warranted.

Yesterday afternoon while paying a call at the residence of Rev. Father P. M. Jones in East Third street, the double team which Father DeBruyn had left standing at the curbing unhitched ran off down Third making their way for Mayslick. They were caught before they had gone far and without damage to the vehicle.

WERE NOT HERE

Strict Search Failed to Uncover Den of Local Counterfeiters.

M. P. Bolan, one of the brightest of Uncle Sam's Secret Service men, accompanied by a Cincinnati Detective, was in the city several days ago in quest of a gang of counterfeiters said to be here.

One of the number had been arrested in an Ohio city and squealed on his pals giving this city as their hiding and abiding place.

Notwithstanding the aid given by the entire police force and a thorough scour of all places likely to harbor such characters, the search proved fruitless and the fly men came to the conclusion that they had been banded by the wily counterfeiter now in the toils and put on the wrong trail in order to give the rest of the gang an opportunity to put time and distance between them and danger.

Dolls, Toys and Fancy China at The Racket, 40 W. Second. L. H. YOUNG & CO.

ANOTHER RICHMOND

Burley Tobacco Growers' Association Has Competitor

Articles incorporating the Burley Loose Tobacco Warehouse Company of Lexington, with a capital stock of \$100,000, were filed in the Fayette County Clerk's office Saturday.

C. H. Bohmer of Clarksville, Tenn., is in a great measure responsible for this company. He went to Lexington three weeks ago and was not long in convincing local business men and capitalists that Lexington could be made as good a tobacco market as Clarksville, Louisville or Cincinnati.

The personnel of the Company is composed of Lexington's most substantial business men. W. J. Loughridge will probably be President.

The business of the concern will be to buy tobacco loose from the growers, and in this field it will be a strong competitor of the Burley Tobacco Growers' Association.

It expects to handle from 20,000,000 to 30,000,000 pounds of burley tobacco annually.

OFFICE—PUBLIC LEDGER BUILDING, MAYSVILLE, KY.

SUBSCRIPTIONS—BY MAIL.

One Year \$3.00
Six Months 1.50
Three Months .75

DELIVERED BY CARRIER.

Per Month .25 Cents
Payable to Collector at end of Month.

Just keep your shirt on, and you'll see how near THE LEDGER is right when it says Mr. ROOSEVELT will never be elected President of the United States.

The Courier-Journal says the tight money market has kept the big distillers from opening their houses for the fall crop of whisky. This, at least, shows the good judgment of the money market, which preferred to get tight on something a trifle better than new whisky.

ALTHOUGH it was given out that Mr. GEORGE B. Cox, the Republican leader of Cincinnati, had been invited by the President to do the Booker Washington act and "talk it over with him," Mr. Cox, on his arrival in Washington from New York, went at once to Mr. HANNA's rooms at the Arlington and had an hour's close conference with him, leaving the city a little later without putting his feet under the White House mahogany.

It's astonishing how many persons wait for a "leader," and then it's astonishing some more how many are waiting to follow the lead of the leader. A few weeks ago it was hard to find a man who had nerve enough to say a word against Mr. ROOSEVELT's absolute ownership of the next Presidential nomination; but now that several acknowledged Republican newspapers have had the independence to oppose his candidacy, anti-Roosevelt men have become as numerous as cornucopias around a country school-house.

RESIDENTS of Asbury Park, N. J., who invested \$200,000 in the Frazer Mountain Copper Company of New Mexico, have been surprised by the announcement that the concern has gone into the hands of a receiver; that it owes \$107,000 and has \$7 in its treasury, and that it has no title to the mining property it has been assuming to operate. The only surprising thing about the whole affair is the presence in the treasury of \$7. That must certainly have been overlooked by some negligent official.

THE New Sun recently had this triple-leaded editorial on "The Republican Disaster in the State of New York"—

"BENJAMIN B. ODELL's attitude of unconcealed hostility toward and undisguised contempt for President ROOSEVELT has been completely put aside, and the appearance of a very respectable and friendly assiduity has been substituted therefor. There is not a Republican in the state of New York who misunderstands the meaning of it, and not an honest and intelligent Republican whose heart is not filled with dismay at the prospect. It is the blackest outlook that the Republican party has ever had to face in the state.

"And there is no avenue or channel of redemption! No way in which the infamy, the confusion and the humiliation, the treachery, the corruption, the graft, and the pollution of state and party can be put aside! Mr. ROOSEVELT's most implacable enemies could never have conceived for him the disaster which is already and irrevocably his. And of all the Union, in his own state, New York!"

If any opposition within the Republican party to the nomination of President ROOSEVELT takes the concrete form of an avowed candidacy against him, it will then be proper and timely to discuss the matter. Until this condition exists only harm is done the cause of Republicanism by thinly veiled attacks upon the only candidate who, so far as is known, will be named before the Republican National Convention when it meets next summer.—Cincinnati Times-Star.

Will the esteemed Times-Star be kind enough to explain just how the opposition to Mr. ROOSEVELT is to assume "concrete form?" Is this new "concrete" to be composed of equal parts of indifference and quietude and moral cowardice? Are the rank and file of the Republican party to be hoodooed by party leaders and newspapers that are afraid to sound the alarm? It has come to a pretty pass, to be sure, when any one man has so hypnotized the people and the press that they must, in true hypnotic style, do only as he directs. THE LEDGER desires the success of the Republican party, and it wants a nominee for the Presidency who can at least carry his own state;—which Mr. ROOSEVELT, as the candidate for President, cannot do."

THE Louisville Post wisely says it would be difficult to estimate the loss entailed on laborers and employers by ill-advised strikes in 1903. These strikes are doing good only in one direction; they make the "open shop" most attractive to the employers of America, and to the men who prefer to work to being idle a part of every year.

THE Washington correspondent of The Louisville Times, noting the reported "combination" between Congressman W. GODFREY HUNTER and Commissioner JOHN W. YERKES, says—

"The announcement came as a shock to those who knew that Dr. HUNTER and Mr. YERKES had not been on speaking terms since the session of the Kentucky Legislature in 1895. . . . If the Yerkes-Hunter combination, now in process of formation, should be effected, Kentucky Republicans who still declare allegiance to the leadership of W. O. BRADLEY may as well give up all hope of securing political preferment, for the present at least."

The whereof of which is that the real Republicans of Kentucky—those who are loyal to the only man who ever led the Republican party of the state to decisive victory—are to be ostracised because they have the manhood to remain true to him.

Neither Governor BRADLEY nor his friends will sacrifice the best interests of the party for the sake of Federal office; they compose the best element of the party, and are capable of making their way through the world without becoming pensioners on Uncle Sam's official bounty.

UNDER the caption, "Is Roosevelt as Big as We Think Him?" The Cincinnati Commercial Tribune says The New York World, in a telegram from Washington, states that Senator PLATT, within the last few days, informed the President "that the Republican party in New York state outside the City of New York was in good condition, but in the city itself there was defection in the ranks." The Senator from New York is recognized everywhere as an able, shrewd, experienced politician. His word is good, his opinion sound, his judgment usually correct.

When he stated to the President that defection exists in New York City he stated absolute truth—an unwelcome truth to all Republicans, but one that should not be kept from the voters of the party in any precinct of the Union.

This is not information to be whispered in the Cabinet Room of the White House, or to be locked in the breasts of a select few for discussion with bated breath only in the corridors of the Executive Mansion, while the honest voters of the party are not to hear of it until too late to avoid disaster.

The Senator from New York, yea, both Senators from New York, and many Senators from other states, representatives and lay members of the party, know too well that this defection exists, has existed for more than three years, and for the last two years it has spread like a virulent, eating ulcer, until it has sapped the vitality and threatens the existence of the party if Mr. ROOSEVELT leads.

Defection in the City of New York! Does that not mean the loss of the electoral vote in New York state? Is that not a red flag of warning in itself? Does not that signify danger in the Presidential election? Why in the name of Justice and Truth is not this information heralded and published in every School District of the country so that the Republican voters can realize the full significance of the danger before making a nomination that may insure defeat?

Megaphone it to every Republican in the land, that they may select their representatives to the National Convention intelligently, and be fully informed upon the difficulties we have to encounter.

Now is the time to take the voters into full confidence upon this all-important situation in New York. It will be too late after the nominations are made. Every man who votes the Republican ticket is entitled to this information.

Political Pickings

OR SACRIFICE YOUR MANHOOD!

Grayson Tribune.

It does seem that about the easiest and swiftest way to get an office is to bolt the Democratic party, or get sore and threaten to bolt the Republican party, and the aforesaid office is immediately forthcoming, and the true and tried and faithful party worker is left out in the cold to root hog or die. Such dampfool politics will soon make a remnant of our party in Kentucky.

RUBBERS

Deteriorate rapidly with age. Any experienced dealer could tell you that the life of an overshoe is very brief after it has been in stock more than a season. The New Shoe Store hasn't been in business long enough to accumulate any left-overs, therefore we offer a stock of RUBBERS and FELT BOOTS that is this season's output of the best factories in the world, and ask no more for them than others want for old goods. Besides, a purchase here may return you more in Christmas awards than will be required to shoe your whole family for a year.

Mason county has the best kept sections of the C. and O. Railway in the Cincinnati Division. The inspection party which passed over the road a few weeks since has so announced, by awarding the first prize, \$25, to J. T. Murphy of the Springdale section, and second prize, \$15, to Mr. R. Carrigan of this city. Both men are proud of their honor, and that their good work has been recognized by the Company's officials.

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; unless cases of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

A FRIEND OF THE FAMILY.

The Lexington Herald, December 10th, says: The inclemency of the weather kept many from seeing "A Friend of the Family" at the Opera-house last night, notwithstanding they played to a fair house and the manner in which the play was rendered could not have been excelled had the house been crowded. The play is strictly a farcical comedy and is redolent with scenes of mutual misunderstandings cleverly executed. Miss Alice Johnson as Nancy Noyes called forth the repeated applause of the audience, while Barry Maxwell as "Prof. Manners" was extremely droll. The play was clever, the support good, the costuming elegant, but the crowning feature of the whole performance was the acting of George W. Barnum, as "Bartley Smith."

At the Opera-house, Thursday, December 17th. Seats on sale Tuesday morning at Ray's.

CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food digestion and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup; so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottles, 25c; regular size, 75c. At Henry W. Ray's, next door to Postoffice.

When Medicine Fails, Try Liquozone—We'll Pay for it.

Medicine must fail in a germ trouble, because medicine never kills germs. Any germ-killing drug is a poison to you, and it cannot be taken internally.

Liquozone—liquid oxygen—is the only way that any man knows to kill germs in the body without killing the tissues, too. Its results in a germ trouble are absolutely certain, for it always destroys the cause of the trouble. To prove this—if you need it—we will gladly pay for a bottle and give it to you to try.

Only Oxygen.

Liquozone is simply liquid oxygen—no drugs, no alcohol in it. It is the discovery of Pauli, the great German chemist, who spent 20 years on it. His object was to get such an excess of oxygen in staple form into the blood that no germ could live in any membrane or tissue.

Liquozone does that. We spend 14 days in making every bottle, but the result is liquid oxygen—a germicide so certain that we publish on every bottle an offer of \$1,000 for a germ that it cannot kill.

Oxygen is a tonic to you—the most essential element of life. Its effects are exhilarating, purifying, vitalizing. Nothing else is so good for you. But germs are vegetables, and this excess of oxygen—the very life of an animal—is deadly to vegetable matter.

We Paid \$100,000.

for the rights to Liquozone for the United States. We did this after testing it for two years in 3,000 difficult cases, and proving that the results were inevitable. We state this price to show the value of Pauli's discovery. To-day the best physicians, the world over, use Liquozone alone in any germ disease. If you suffer from a germ trouble, you must use it, too; else rely on Nature alone to get well.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a **Home of Swamp-Root** pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Would You Have

ANYTHING AS DANGEROUS as a can of powder sitting on your cooking range? No, indeed, you would not. Still, a can of powder is not one half as dangerous as a water back in your range, for they are liable to explode at any time without the slightest warning, but they are perfectly harmless when they are equipped with

Traxel's Patent Safety Appliance.

You had better place an order for one. They are more essential than a pencil in your table, for they will save your property, and perhaps your life.

Letters from Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indigestion or other stomach disorder.

If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tissue and fiber throughout every organ of the entire body, and vigor is soon restored to each. Kodol cures indigestion, dyspepsia and all stomach disorders.

I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I keep a bottle handy I seldom need it, as it has cured me. Mrs. J. W. COOLBAUGH, Milo Center, N. Y.
